

## The Garden Club of Stone Harbor Announces Its Second Phantom Ball

The Corona virus has affected many organizations' fund-raising options for the year and as a result the Garden Club's Executive Committee met recently and decided to return to the concept of the Phantom Ball.

What is a Phantom Ball? The Phantom Ball is a fund-raising event that does not require your attendance. You literally can participate in the comfort of your own home. The money you would spend on new clothing and accessories could be donated to the Garden Club. Because of the pandemic, every organization has had to make changes during the past six months because of cancellations. The Garden Club had to cancel its annual House Tour and the Fashion Show. These two events are very significant fund raisers. The revenues produced by both events go to fund the beautiful flower baskets and flower urns throughout the downtown area.

We want to continue to beautify our town with the urns, hanging baskets, island plantings, and the Garden of Remembrance on 122<sup>nd</sup> Street.
